Relevant work experience and how it relates to Toastmasters and your role as a District leader:

When I joined Toastmasters, I immediately saw the parallels to the work I have done for years. I am an owner/operator of several small businesses and greatly enjoy the opportunity to help others learn and grow.

What experience do you have in strategic planning?

Running several small businesses over 20 years

What experience do you have in the area of finance?

Running several small businesses over 20 years

What experience do you have in developing procedures?

Running several small businesses over 20 years

What lessons did you learn from previous leadership positions?

I teach leadership and communication skills in my businesses, both practically to my team of martial arts instructors in that business and to individuals and companies through my coaching and consulting company.

Why do you want to serve as a District leader?

I LOVE TOASTMASTERS! I wish I could get paid to do this. I love our District and the people in it. I think the program is wonderful and helps people unlock their best selves. I have greatly enjoyed the opportunity to give back while also growing my skills and want to continue to do so!

In your opinion, what are the District mission's major objectives and how would you work to achieve them?

In my opinion, our main objective is to LISTEN and then connect our members to the resources that are going to help them achieve their individual goals, whether it's from TI, the District, or simply connecting them to fellow Toastmasters that can help them with their goals.
